

Purple - Knowledge to learn

MAPP learners will be supported by staff to stay safe

Red - Skills to develop

Step 4 of our Theme Plans

Students are able to follow the rules in the school/home setting to keep themselves safe.

Students will learn to be a good digital citizen, someone who uses the Internet in an effective and safe way.

Step 3 of our Theme Plans

Children will be able to use the internet to safely communicate and collaborate with their peers.

Children will learn how to report an online safety issue confidentially

Step 2 of our Theme Plans

Children can create an online safety poster

Children will be able to access apps suitable for their age

Step 1 of our Theme Plans

Children can say what they like and what they do not like

Children can answer a 'how' and 'why' question.

E-Safety

CHILD

MAPP Learning Intentions

'I Can' Statements

Children will begin to understand about staying safe online through story telling

Children will know who to tell if they have a problem online

Children will know what Phishing means and how to keep their data private

Students will learn how to compose and send a respectful 'chat' message
